

Quick Reference Guide: Add-On Payment for Nursing Facility-Based Hemodialysis Furnished by a Dialysis Center (PT 59)

New Ohio Administrative Code (OAC) rule 5160-13-08 establishes an add-on payment for hemodialysis (HD, RCC 0821) that is furnished by a dialysis center (PT 59) on the premises of a nursing facility. Ohio Medicaid will pay an extra \$110 per HD treatment, in addition to the standard HD per-visit rate described in OAC rule 5160-13-02.

Additional payment can be claimed using Revenue Center Code (RCC) 0821 with the Modifier U5 (used to identify the patient location of 'nursing facility').

The add-on payment is temporary and subject to the following limits:

- (a) *It is available only during state fiscal year 2027 and ends earlier if the total \$2.1 million appropriated is fully expended.*
- (b) *The dialysis center is already furnishing nursing facility-based HD (RCC 0821) on or before July 1, 2026.*
- (c) *For individuals who are eligible for both Medicare and Medicaid, the add-on payment stops once Medicare coverage begins.*
